

Leeds-at-a-Glance for PMP Mentors

Undergraduate Program Overview

1. Enrollment (2009-10)
 - 3,041 Undergraduates
 - 43% female; 17% Minority; 10.5% International
2. Academic Divisions – Leeds undergraduate students receive a Bachelor of Science degree in Business Administration. Leeds has four academic divisions. Students select one of these as their “Area of Emphasis” within the undergraduate Business Major. The Areas of Emphasis are:
 - Accounting
 - Finance
 - Management & Entrepreneurship – which includes, Human Resources Management, Information Management, Operations Management
 - Marketing
3. Centers of Excellence – In addition to our Divisions, the Leeds School conducts research, offers classes and special programs through the following Centers:
 - Burridge Center for Securities Analysis and Valuation
 - Business Research Division
 - Center for Research on Consumer Financial Decision Making
 - Center for Education on Social Responsibility (CESR)
 - Deming Center for Entrepreneurship
 - CU Real Estate Center (CUREC)
4. Certificate Programs – Leeds undergraduates may pursue Certificates Programs that allow them to specialize in an industry or area of interest. Each of these programs has their own requirements which may include elective classes and an internship experience.
 - Business of Sports
 - Entrepreneurship and Small Business
 - International Business
 - Operations and Information Management
 - Quantitative Finance
 - Real Estate
 - Socially Responsible Enterprise
5. Study Abroad Options – Business students have the opportunity to participate in a wide variety of semester-long and summer study abroad options through the campus’ Study Abroad Office in the Office of International Education (<http://studyabroad.colorado.edu/>)
